

FLEXIBLEND

JOINT HEALTH FOR DOGS

Active Constituents:

600g/kg stabilised Green Lipped Mussel Powder (*Perna canaliculus*), 200g/kg Shark Cartilage, 200g/kg Abalone powder (*Haliotis Iris*), Glycosaminoglycans (GAGs): Contains not less than 14% combined glycosaminoglycans (predominantly chondroitin sulphate and glucosamine).

Indications:

A natural supplement, designed to help maintain joint health for dogs of all ages. Contains no preservatives or added flavouring, contains only pure and natural freeze dried marine concentrate.

Directions for Use:

If symptoms persist consult a veterinarian. Use in pregnant animals is not recommended. Not recommended for use as an alternative treatment for acute joint inflammation. Avoid heating this product as heat will diminish or destroy active constituents.

Dosage and Administration:

Administer once daily by mixing with a small amount of food or drink. Monitor to ensure the dog consumes all the feed or drink.

Daily Dose

Up to 10kg – 1.2g $\frac{1}{3}$ scoop measure
10-20kg – 1.7g $\frac{1}{2}$ scoop measure
20-30kg – 2.3g $\frac{2}{3}$ scoop measure
30-40kg – 2.8g $\frac{3}{4}$ scoop measure
40-50kg – 3.4g 1 level scoop measure

Presentation:

250gm Powder Pot.

Caution:

Keep out of reach of children.

Storage:

Store below 30° C (room temperature). Protect from light.

Disposal:

Preferably dispose of product by use. Otherwise dispose of product packaging at an approved landfill or equivalent facility.
