

Issued on: 01/09/2009.

1. Identification of the preparation and of the company

1.1 Identification of the preparation:

LEGAPHYTON®

Tablets of 50 or 200mg.

1.2 Use of the preparation:

Dietary complement for the support of the hepatic system in case of chronic hepatic incapacity

1.3 Identification of the company:

VETOQUINOL S.A.
Veterinary Pharmaceutical specialities
Magny-Vernois BP 189
70204 LURE CEDEX (France)
Service to contact: Safety Service
Ph.: +33(0) 3 84 62 55 55
frederic.pierron@vetoquinol.com

2. Hazard identification

The preparation is not considered as hazardous.

3. Chemical characteristics

	N° CAS	N° CE
CHARDON MARIE ES : 15-25 %	/	/
ORTHOSIPHON ES: 15-25 %	/	/
L ORNITHINE CHLORHYDRATE: 10-15 %	3184-13-2	221-678-6
LACTOSE ANHYDROUS: 20-25 %	10039-26-6	200-559-2
CELLULOSE MICROCRISTALLINE : 15-25 %	9004-34-6	/
SILICE COLLOIDALE ANHYDROUS : 0,5-2 %	112945-52-5	231-545-4
MAGNESIUM STEARATE : 2-5 %	557-04-0	209-150-3

4. First aid measures

Inhalation: Non inhalable.

Skin contact: Wash your hands after use.

Eye contact: N/A.

Ingestion: If conscious, wash out mouth with water, get medical attention.

5. Fire-Fighting measures

Suitable extinguishing media: Carbon Dioxide, dry chemical, water spray

Extinguishing measures to be avoided: None.

Combustion/explosion hazards: May produce toxic smokes in case of fire.

Special protective equipment for fire-fighters: Wear self-contained breathing apparatus and protective suit.

Other: None known.

6. Accidental release measures

Personal precautions: None - Coated tablet.

Environmental precautions: Do not allow to spread the product into drains and the environment.

Cleaning method: N/A

7. Handling and storage

Handling: No particular precaution.

Storage: Keep in a fresh, dry and ventilated area. Protect the product against the heat and the light.

8. Exposure control and personal protection

No special precaution for normal use

9. Physical and chemicals properties

Appearance: Coated tablets

10. Stability and reactivity

Stability: stable in the normal conditions of use

Conditions and materials to avoid: None known.

Hazardous decomposition materials: N/D.

11. Toxicological information

Toxicity of raw materials:

Magnesium stearate: Irritant for eyes, respiratory tract and skin

12. Ecological information

Non available

13. Disposal considerations

Observe all federal state and local environmental regulations.

14. Transport information

Transport by truck or railway: Not regulated

Transport by sea: Not regulated.

Transport by air: Not regulated.

15. Regulatory information

Not regulated

16. Other information

This document supplements the technical information notices but does not replace them. The information it contains are based on our knowledge relating to the product concerned on **1st September 2009**. They are issued in good faith.

The attention of users is also drawn to the potential risks incurred when a product is used for purposes other than those for which it was designed.

Under no circumstances does it exempt the user from familiarisation and implementation of all the texts governing his activity. He alone is responsible for implementing all precautions linked to the use of the product with which he is acquainted.

The purpose of all the regulations mentioned is to assist the end user to fulfil the obligations incumbent upon him during the handling of hazardous products.

This list must not be considered exhaustive. It does not exempt the user from ensuring that other obligations are binding upon him on the basis of texts in addition to those quoted and governing the possession and the use of the product for which he is alone responsible.
